Plan
work on the implementation of the education program "Birtutas tarbiye"
at the College of Innovative Technologies
Karaganda Technical University named after Abylkas Saginov

Karaganda 2024

Program Objective:

formation of a harmoniously developed personality of the student based on the values of Kazakh culture, through the development of spiritual and moral qualities, civic responsibility and patriotism, integrity and conscientiousness.

Program Objectives:

Education of spiritual and moral qualities:

- formation of love for the Motherland, its people, its history and culture;
- education of respect for the state symbols of the Republic of Kazakhstan;
- development of honesty, justice, kindness, care, charity and other moral qualities;
- formation of a careful attitude to nature and the environment.

Development of civic responsibility and patriotism:

- fostering a sense of pride in your country and its achievements;
- formation of a conscious attitude to their responsibilities to the family, society and the state;
- developing a willingness to defend their own rights and freedoms, as well as the rights and freedoms of others;
- involvement of students in socially significant activities.

Formation of integrity and integrity:

- education of honesty and fairness in behavior and relationships with others;
- develop responsibility for your actions and words;
- formation of hard work and the desire for self-improvement;
- fostering respect for other people's work and property.

Creating conditions for the harmonious development of the student's personality:

- providing an individual approach to the upbringing and training of each student.
- creating a favorable psychological and pedagogical climate in the educational environment.
- support for gifted children and children with special educational needs;
- involvement of the family in the educational process.
